— Featured Speakers —

**Ezio Bonvini, MD**  
Senior Vice President of Research & Chief Scientific Officer  
MacroGenics, Inc

**Matthew J. Bottomley, PhD**  
Function Head  
Vaccine Design and Characterization  
Preclinical R&D - US  
GSK at Rockville, MD

**Xianhua (Walt) Cao, PhD**  
Senior Clinical Pharmacology Reviewer  
Office of Clinical Pharmacology  
Food and Drug Administration

**Richard W. Childs, MD**  
Senior Investigator  
Laboratory of Transplantation Immunotherapy  
Rear Admiral (RADM)  
Assistant U.S. Surgeon General  
Clinical Director of NHLBI, NIH

**Hanping Feng, PhD**  
Professor of Microbial Pathogenesis  
Schools of Dentistry and Medicine  
University of Maryland

**John Mumm, PhD**  
Director of R&D  
Oncology Department  
MedImmune, LLC

**Henry C. Stevenson-Perez, MD**  
Physician and Senior Research Investigator  
Walter Reed National Military Medical Center  
US Department of Defense

**Hui Zhang, PhD**  
Professor of Pathology  
Director, Mass Spectrometry Core Facility  
School of Medicine  
Johns Hopkins University
